McMan Central ♥ Foster Care

McMan | 50th Anniversary

Good day!

As you may know, there is an urgent need for foster care beds for children and youth in the Central Region. As agency providers, like McMan Youth, Family, and Community Services, there just aren't enough homes for children and youth needing the safety and stability that environment can provide them. Through active recruitment, McMan is committed to provide 30 new beds to our Foster Care program to help meet this need. Attached is a poster that I am providing to you with hopes that you will fan it out within your own communities via any platforms that you may utilize for your own purposes. The Central region covers a vast geographical area, so any support with getting the word out is greatly appreciated.

Thank you,

Jacki Collisson, Foster Care Recruitment
