

Centennial School is located in the North West part of the City of Wetaskiwin.

We deliver educational instruction for approximately 200 students in Kindergarten through to grade 6.

Our friendly and dedicated staff provide a welcoming, safe, and caring learning environment. We are supported by our School Parent Council and many parent & community volunteers and partnering agencies.

Our strategic priorities are focused on providing supporting programs to insure Language Arts & Mathematics success for all students across all grades. In addition, we believe it is essential to offer strong Technology, Fine Arts and Physical Activity programs to enhance student success. We therefore offer a school-wide aquatics program, music clubs, intramurals and other Physical Activity programs, as an Alberta Ever-Active School's member school.

# “Striving for Excellence”

## Vision

Students, parents, staff, and the community, *working together*, to achieve a safe and caring learning environment. We are committed to provide strong technology, fine arts, physical education, and academic programs that develop confident, adaptable, skilled, and inquisitive students.

## Our Mission

Centennial School is committed to achieving *academic excellence* in a safe, caring, and friendly environment. Students will develop to their maximum potential by including parents as partners, having skilled and enthusiastic staff, utilizing technology to enhance learning, and by respecting the dignity, worth, and needs of individual students.

Students will:

- Master the basic skills
- Be responsible citizens
- Be skilled and knowing learners
- Demonstrate initiative, positive self-esteem & responsibility
- Benefit from the latest in technology to enhance learning

# Centennial School

## School Philosophy

We believe:

- Every child can learn
- Children learn at different rates and in different ways
- In developing positive attitudes
- The success of the student is largely dependent upon the cooperative effort of the child, the school, and the home.
- In creating an atmosphere of mutual acceptance and promoting respect for each other.
- All students have the right to learn and develop to their full potential in a safe and secure environment.
- Learning how to learn is one of the most essential skills.
- Encouraging homework supports student success.
- Equipping students with technology skills is important for future success
